Index of Authors

Adler, Henry E., 290, 521, 538.
Alberts, J. O., 294.
Allen, P. H., 243.
Allen, Virginia, 563.
Allison, J. B., 90.
Alson, M. C., 135.
Alstrom, Ingemar, 687.
Ameli, Virginia H., 626.
Anderson, G. C., 747.
Anderson, W. A., 45, 646.
Andrews, F. N., 174.
Anthony, Harry D., 487.
Archibald, J., 376.
Arnold, R. M., 630.

Baker, Norman F., 318.
Bankowski, R. A., 523.
Barnes, L. E., 18.
Beamer, Paul D., 643.
Beck, John D., 678.
Belding, R. C., 283.
Bell, R. R., 279.
Bemrick, W. E., 252.
Benedict, Albert A., 543.
Bletner, J. K., 747.
Blore, I. C., 299, 410.
Bolton, R., 132, 135.
Borgman, R. F., 781.
Bowne, John G., 552.
Bras, G., 630.
Briefman, Louise, 157
Brown, R., 132.
Brown, R. W., 231.
Brueckner, A. L., 793.
Bryans, John T., 262, 267.
Burmester, B. R., 283.
Buthala, D. A., 485.

Cabrera, Deogracias J., 615.
Callis, J. J., 799.
Cameron, H. S., 495.
Campbell, G. L., 781.
Cawley, A. J., 376.
Chang, Sing Chen, 793.
Chute, Harold L., 531, 763.
Clark, J. J., 389, 710.
Coalson, Robert E., 74.
Collier, J. R., 640.
Comar, C. L., 149.
Cooper, M. S.,153.
Cottral, G. E., 283.
Cover, M. S., 12.
Crossley, M. L., 90.
Crowe, Elizebeth W., 262.
Cunningham, C. H., 283, 755.

Davis, C. L., 45, 646.
Davis, O. S., 771.
Deem, A. W., 196.
Devlin, H. B.,256.
Dimopoulos, G. T., 755, 799.
Doll, E. R.,262, 267.
Domermuth, C. H., 778.
Douglas, James R., 318.
Doyle, L. P., 121, 174, 771.

Eisenstark, A., 547.
Emerick, R. J., 252.

Fellowes, O. N., 799.
Ferguson, L. C., 471.
Fieldsteel, A. Howard, 380.
Firch, Gladys, 517.
Firehammer, B. D., 573.
Fitzgerald, Paul R., 463.
Foust, H. L., 364.
Frank, F. W., 492.
Frank, Norma A., 227, 231.
Frederiks, H. H., 455.
Frenkel, H. S., 40.

Gauer, Otto H., 98.
Gelete, J. N., 12.
Gentry, R. F., 283.
George, A. N., 582.

Monlux, W. S., 45.
Monroe, R. A., 149.
Moore, E. N., 766.
Morse, Erskine V., 140, 331, 563.
Moss, Samuel, 607.
Munro, D. A., 747.

Neher, G. M., 121.

O'Brien, Edith, 543.
Oldfield J. E., 243.
Olson, C., 235, 299, 410.
Olson, N. O., 747.
O'Meara, D. C., 763.

Percival, R. C., 153.
Perman, V., 446, 448.
Personeus, G., 153.
Phillips, P. H., 252.
Plumlee, M. P., 121.
Pomerat, C. M., 165.
Pomeroy, B. S., 24.
Pope, A. L., 252.
Pounden, W. D., 227, 231.
Powers, T. E., 471.
Presley, E. T., 364.
Price, N. O., 246.
Pritchard, William R., 402, 425, 430, 437, 441, 444, 446, 448, 771.

Raggi, L. G., 523.
Raker, C. W., 205.
Reagan, Reginald L., 793.
Rebell, Gerbart, 74.
Reber, Elwood F., 194, 643.
Reeves, Johnie L., 98.
Rehfeld, C. E., 425, 430, 448.
Reich, C. V., 140.
Ribelin, William E., 40.
Rickard, Charles G., 103.
Ristic, M., 555, 803.
Robertstad, Gordon W., 498.
Rogers, J. Allyn, 205.
Rooney, James R., II, 599.
Rubin, Robert, 217.
Rumbaugh, M. D., 781.

Safford, John W., 28, 503.
Sanders, D. A., 555, 803.
Sanders, Evelyn, 324.
Sanger, V. L., 766.
Sauer, F., 448.
Sautter, J. H., 425, 430, 437, 441, 444, 446, 448.
Scherago, M., 109.
Scherer, R. K., 231.
Schlingman, A. S., 256.
Schultze, M. O., 425, 430, 437, 441, 444, 446, 448.
Seadale, E. H., 5.
Segre, D., 235, 299.
Sellers, A. F., 389, 402, 588, 710.
Shelton, D. C., 747.
Shohachi, Wada, 448.
Shumard, R. F., 252.

Shupe, J. LeGrande, 463.
Siddle, Phyllis J., 521.
Sieburth, J. McN., 24.
Sieira, Francisco, 36.
Singh, Chintamani, 510.
Sonder, Jean K., 117.
Spencer, G. R., 594.
Splitter, Earl J., 487.
Stevens, C. E., 389, 588, 710.
Stewart, J. H., 594.
Stockton, J. J., 636.
Swenson, Melvin J., 207, 213.
Swingle, Karl F., 28, 415, 503.
Switzer, William P., 478.
Sykes, J. F., 607.

Taylor, D. B., 771.
Tessier, J., 799.
Thompson, William R., 311.
Thorne, Joseph L., 463.
Thorp, Frank, Jr., 510.
Thrasher, D. M., 121.
Threlkeld, W. L., 246.
Timmons, H. F., 74.
Tobiska, J. W., 202.
Todd, A. C., 303, 307.
Tresner, H. D., 763.
Trum, B. F., 149, 271.
Tucker, James O., 498.
Tunnicliff, E. A., 573.
Turman, E. J., 174.
Twiehaus, Marvin J., 487.

Underbjerg, G. K. L., 207, 213.

Vallenas, P., G. Augusto, 79.
Vardaman, Thomas H., 549, 799.
Varela, Gerardo, 109.
Waller, E. F., 12.
Wannemacher, R. W., Jr., 90.
Wasserman, R. H., 149, 271.
Weber, Alvin F., 402.
White, F. H., 294.
Whittier, John R., 720.
Williams, J. E., 535.
Williams, J. W., 555.
Wilson, J. B., 140.
Winterfield, R. W., 5.
Worthman, Robert P., 341, 349.
Wrenn, T. R., 607.
Wright, G. G., 256.

Yamamoto, R., 290, 538.
Yancey, Frances S., 793.
Yaw, Katherine E., 137.

Index of Subjects

A

Abortion and Pre- or Postnatal Death of Young Due to Listeria Monocytogenes. III. Studies in Ruminants, 510.
Abortion Virus, Agglutination of Horse Erythrocytes by Tissue Extracts from Hamsters Infected with Equine, 267.
Abortion Virus from the Human and Swine Influenza, Mumps, and Newcastle Disease Viruses, Serological Differentiation of the Equine, 262.
Abscesses of the Pharyngeal Region of Swine. Bacteriological Examination of Exudates, 640.
Actinobacillosis. I. An Evaluation of Cultural Characteristics of Selected Strains of Actinobacillus Lignieresi, 555.
Actinobacillus Lignieresi, An Evaluation of Cultural Characteristics of Selected Strains of. Actinobacillosis. I, 555.
Adenocarcinoma of the Uterus of the Cow—Differentiation of Its Pulmonary Metastases from Primary Lung Tumors, 45.
Adrenal Gland, Studies of the Bovine. I. The Production of Lipid Accumulation and Other Histological and Cytological Changes in the Zonae Glomerulosae of Calves, 402.
Agglutination, A New Serological Technique—Freeze-. I. Application to Chronic Respiratory Disease of Chickens, 778.
Agglutination of Horse Erythrocytes by Tissue Extracts from Hamsters Infected with Equine Abortion Virus, 267.
Agglutination Reactions Between Leptospira Pomona and Leptospira Icterohaemorrhagiae, AB, Serological Cross-, 563.
Agglutination Test for Leptospirosis, A Macroscopic Tube, 789.
Agglutination Test, Preparation of a New Pleuropneumonia-like Organism Antigen for the Diagnosis of Chronic Respiratory Disease by the, 290.
Agglutination Test, Serological Responses of Cattle to Vibrio Fetus Vaccine as Measured by the Complement-Fixation Test and Tube-, 626.
Alum-Precipitated Protective Antigen of Bacillus Anthracis in Cattle, Sheep, and Swine, Immunizing Activity of, 256.
Ammonium Sulfate, Antigenic Studies Using. IV. The Sedimentation Effect of Ammonium Sulfate on Salmonella Gallinarum, 535.
Anaplasma Ovis in the United States. Experimental Studies with Sheep and Goats, 487.
Anatomy and Histology of Manchester Wasting Disease of Cattle in Jamaica, and Related Conditions in Other Countries of the Americas, Observations on the Morbid, 630.
Anatomy of the Ear of the Dog, Macroscopic, 364.
Anatomy. The Longitudinal Vertebral Venous Sinuses of the Dog. I, 341, 349.
Ancylostoma Caninum, Continuous Phenothiazine Therapy of Dogs Artificially Infected with, 279.
Anemia in Chickens Fed Trichloroethylene-Extracted Soybean Oil Meal and Failure of this Dietary Meal to Suppress the Development of Experimental Lymphomatosis, Aplastic, 771.
Anemia in Race Horses in Mexico, An Epizootic of Equine Infectious, 109.
Anemia in Young Heifers, Experimental Production of Acute Aplastic. Studies of Trichloroethylene-Extracted Feeds. I, 425.
Anemia, The Effect of Feeding Different Levels of Trichloroethylene-Extracted Soybean Oil Meal to Young Heifers—Experimental Production of Chronic Aplastic. Studies of Trichloroethylene-Extracted Feeds. II, 430.
Animal Species and in Tissue Culture, Comparative Titrations of Vesicular Stomatitis Virus in Various, 799.
Anthelmintic Efficiency of Phenothiazine, The Relationship Between Particle Size, and, 318.
Anthrax Vaccine Prepared from Nonencapsulated Variants of Bacillus Anthracis, Studies on an, 153.
Antibiotics and Chemical Agents on Pleuropneumonia-like Organisms of Avian Origin, The Effect of Certain, 538.
Antigen for the Diagnosis of Chronic Respiratory Disease by the Agglutination Test, Preparation of a New Pleuropneumonia-like Organism, 290.
Antigen of Bacillus Anthracis in Cattle, Sheep, and Swine, Immunizing Activity of Alum-Precipitated Protective, 256.
Antigenic Studies on the Psittacosis-Lymphogranuloma Venereum Group of Viruses. III. Detection of Ornithosis Hypersensitivity in Experimentally Infected Chickens, 543.
Antigenic Studies Using Ammonium Sulfate. IV. The Sedimentation Effect of Ammonium Sulfate on Salmonella Gallinarum, 535.
Antigenic Variations of Vibrio Fetus, Colonial and, 803.
Antigens, Serological Studies of Canine Distemper—Complement Fixation with Spleen, 398.
Antimetabolites, Attempts to Influence Listeriosis in Chickens Using, 299.
Arthritic Disease of Chickens, The Etiology of an, 12.

Ascorbic Acid in Bovine Hyperkeratosis, Observations on Collagen, Vitamin A, and, 410.
Atrophic Rhinitis, Studies on Infectious. V. Concept that Several Agents May Cause Turbinate Atrophy, 478.
Atrophy, Concept that Several Agents May Cause Turbinate. Studies on Infectious Atrophic Rhinitis. V, 478.
Avian Origin, The Effect of Certain Antibiotics and Chemical Agents on Pleuropneumonia-like Organisms of, 538.

B

Bacillus Anthracis in Cattle, Sheep, and Swine, Immunizing Activity of Alum-Precipitated Protective Antigen of, 256.
Bacillus Anthracis, Studies on an Anthrax Vaccine Prepared from Nonencapsulated Variants of, 153.
Bacterin, and with Serum and Culture, Duration of Immunity in Pigs Vaccinated with Adsorbed. Laboratory Studies on Erysipelas. III, 135.
Bile Levels of 17-Hydroxycorticosteroids in Sheep and Cattle Following the Administration of Hydrocortisone, Plasma, Urine, and, 517.
Bilirubinemia as Manifestations of Canine Distemper in Raccoons and Ferrets, Jaundice and, 144.
Biopsies on Dairy Cows, Reports of Liver Glycogen Determinations by, 205.
Blood Injections, Vitamin B_{12}, and Iodinated Casein, The Recovery of Rats Administered Diisopropyl Phosphoro-Fluoridate (DFP) as Influenced by Female Sex Hormones, 781.
Blood Volume of the Kidney of the Dog as Estimated by the Vinylite Corrosion Technique, The Static Intravascular Extracapillary, 276.
Bluecomb Disease, Experimental Transmission of a Catarrhal Enteritis of Chicks Similar to, 24.
(Bone Core) of the Horns of the Sheep, An Important Stage in the Development of the Os Cornu, 582.
Bovine Adrenal Gland, Studies of the. I. The Production of Lipid Accumulation and Other Histological and Cytological Changes in the Zonae Glomerulosae of Calves, 402.
Bovine Brucellosis, Studies on Vaccination and Revaccination for, 36.
Bovine Colon, Submucosal Glands in the, 599.
Bovine Corpus Luteum and Endometrium During Early Stages of Pregnancy, Some Observations on the, 607.
Bovine Hyperkeratosis, Observations on Collagen, Vitamin A, and Ascorbic Acid in, 410.
Bovine Mastitis, Oxytetracycline in. II. Milk Levels Following Local and Parenteral Administration, 18.
Bovine Stomach, Physiological Studies on the Vagal Nerve Supply to the. III. Procaine Effects on the Dorsal Vagal Trunk, 588.
Bovine Tongue, Cultivation of the Foot-and-Mouth Disease Virus in Explanted Epithelium of the. IX. Growth Characteristics of the Virus in Large Scale Tissue Cultures, 40.
Bronchitis of Chickens, Electrophoretic and Serum Neutralization Studies of Infectious, 755.
Bronchitis Vaccines, Study of Some Commercially Available Infectious. I. Response of Chickens to Seven Infectious Bronchitis Vaccines, 523.
Bronchitis Viruses, Interference Between Newcastle Disease and Infectious, 294.
Brucella Abortus, The Influence of Environmental Conditions on the Growth and Dissociation of, 324.
Brucellosis, Studies on Vaccination and Revaccination for Bovine, 36.

C

Cadmium, and Other Compounds Against Horse Strongyle Larvae in Vitro, Nematocidal Screening Tests of Organic Phosphorus, Nitrofuran, 117.
Calcium, and Various Roughages on Weight Gains of Hereford Heifers, Effects of Dietary Trace Minerals, Excess, 207.
Calves for Study of Various Aspects of Toxicity of Trichloroethylene-Extracted Soybean Oil Meal, The Use of Young. Studies on Trichloroethylene-Extracted Feeds. III, 437.
Calves, Sulfaquinoxaline and Sulfamerazine in the Treatment of Experimental Infections with Eimeria Bovis in, 463.
Calves, The Production of Lipid Accumulation and Other Histological and Cytological Changes in the Zonae Glomerulosae of, 402.
Canine Cancer with N-(3-Oxapentamethylene)-N', N''-Diethylenephosphoramide (MEPA), Chemotherapy of, 90.
"Canine Chorea", Review of Its Occurrence in the Literature as. Flexor Spasm Syndrome in the Carnivore. I, 720.
Canine Distemper—Complement Fixation with Spleen Antigens, Serological Studies of, 398.
Canine Distemper in Raccoons and Ferrets, Jaundice and Bilirubinemia as Manifestations of, 144.
Canine Hepatitis Virus in Tissue Culture, Some Aspects of Infectious, 380.
Canine Interstitial Nephritis, Studies on Experimental. I. Evaluation of Certain Nephrotoxic Agents, 389.
Canine Interstitial Nephritis, Studies on Experimental. II. An Attempt at Functional-Morphological Correlation in Damaged Kidneys, 710.
Canine Kidney, Some Observations on Transplantation of the, 376.
(Capsulation), Encapsulation of Dirofilaria Immitis in the Mosquito Aedes Aegypti, Notes on the, 810.
Carnivore, Flexor Spasm Syndrome in the. I. Review of Its Occurrence in the Literature as "Canine Chorea", 720.
Casein, The Recovery of Rats Administered Diisopropyl Phosphoro-Fluoridate (DFP) as Influenced by Female Sex Hormones, Blood Injections, Vitamin B_{12}, and Iodinated, 781.
Cats, The Development of Palatability Tests for, 733.
Cattle Compared with the Titer Obtained in the Quantitative Complement Fixation Test, The Titration of Cultivated Foot-and-Mouth Disease Virus (Frenkel) in. Research on Foot-and-Mouth Disease. X, 455.
Cattle, Fescue Lameness in. I. Experimental Production of the Disease, 196.
Cattle, Fescue Lameness in. II. Ergot Alkaloids in Tall Fescue Grass, 202.
Cattle Following the Administration of Hydrocortisone, Plasma, Urine, and Bile Levels of 17-Hydroxycorticosteroids in Sheep and, 517.
Cattle in Jamaica, and Related Conditions in Other Countries of the Americas, Observations on the Morbid Anatomy and Histology of Manchester Wasting Disease of, 630.
Cattle, Sheep, and Swine, A Survey of Tumors Occurring in, 646.
Cattle, Sheep, and Swine, Immunizing Activity of Alum-Precipitated Protective Antigen of Bacillus Anthracis in, 256.
Cattle, The Course and Pathogenicity of Initial Infections with Dictyocaulus Viviparus, the Lungworm of, 217.
Cattle, The Utilization of Intravenously Administered Glucose, Invert Sugar, and Fructose in, 213.
Cattle to Vibrio Fetus Vaccine as Measured by the Complement-Fixation Test and Tube-Agglutination Test, Serological Responses of, 626.
Cattle, Tocopherol Levels of the Early Milks of Semirange, 28.
Cattle, Vitamin A Deficiency and Urolithiasis in Range, 415.
Chemical Agents on Pleuropneumonia-like Organisms of Avian Origin, The Effect of Certain Antibiotics and, 538.
Chemotherapy of Canine Cancer with N-(3-Oxapentamethylene)-N', N''-Diethylenephosphoramide (MEPA), 90.
Chickens Apparently Due to a Spirillum, Spirillum Pulli, Species Nova, A Diphtheroid Stomatitis of, 472.
Chickens, Application to Chronic Respiratory Disease of. A New Serological Technique—Freeze-Agglutination. I, 778.

Chickens, Detection of Ornithosis Hypersensitivity in Experimentally Infected. Anigenic Studies on the Psittacosis-Lymphogranuloma Venereum Group of Viruses. III, 543.
Chickens, Electrophoretic and Serum Neutralization Studies of Infectious Bronchitis of, 755.
Chickens Fed Sulfaquinoxaline and Suggested Etiological Factors of the Disease, Micropathological Changes in an Experimental Hemorrhagic Syndrome in, 766.
Chickens Fed Trichloroethylene-Extracted Soybean Oil Meal and Failure of this Dietary Meal to Suppress the Development of Experimental Lymphomatosis, Aplastic Anemia in, 771.
Chickens Infected with Newcastle Disease Virus, Electrophoretic Analyses of Serum from, 531.
Chickens of Different Colonial Variants of the Three Serological Types of Pasteurella Multocida, A Comparison of Virulence for Mice and, 137.
Chickens, Studies of Infectious Synovitis in, 747.
Chickens, The Etiology of an Arthritic Disease of, 12.
Chickens to Seven Infectious Bronchitis Vaccines, Response of. Study of Some Commercially Available Infectious Bronchitis Vaccines. I, 523.
Chickens Using Antimetabolites, Atempts to Influence Listeriosis in, 299.
Chickens Vaccinated with Formalin-Inactivated Newcastle Disease Virus Vaccine, Further Studies on the Evaluation of Immunity in, 738.
Chickens with Infections of the Respiratory Tract, The Fungous Flora of, 763.
Chicks Similar to Blucomb Disease, Experimental Transmission of a Catarrhal Enteritis to, 24.
Chlorpromazine Hydrochloride in Horses, Some Effects of, 678.
Chorea", Review of Its Occurrence in the Literature as "Canine. Flexor Spasm Syndrome in the Carnivore. I, 720.
Clostridium Perfringens Type B from Enterotoxemia in Young Ruminants, 492.
Cobalt Deficiency to Internal Parasites of Sheep, An Observation on the Relationship of, 246.
Collagen, Vitamin A, and Ascorbic Acid in Bovine Hyperkeratosis, Observations on, 410.
Colon, Submucosal Glands in the Bovine, 599.
Complement-Fixation Test and Tube-Agglutination Test, Serological Responses of Cattle to Vibrio Fetus Vaccine as Measured by the, 626.
Complement Fixation Test, The Titration of Cultivated Foot-and-Mouth Disease Virus (Frenkel) in Cattle Compared with the Titer Obtained in the Quantitative Research on Foot-and-Mouth Disease. X, 455.
Complement Fixation with Spleen Antigens, Serological Studies of Canine Distemper—, 398.
Corpus Luteum and Endometrium During Early Stages of Pregnancy, Some Observations on the Bovine, 607.
Corrosion Technique, The Static Intravascular Extracapillary Blood Volume of the Kidneys of the Dog as Estimated by the Vinylite, 276.
Cortisone Treatment, The Susceptibility of Weaned Mice to Escherichia Coli and Salmonella Typhimurium Endotoxins During and Subsequent to, 786.
Cortisone Treatment, The Susceptibility of Weaned Mice to Escherichia Coli During, and Subsequent to, 795.
Cow—Differentiation of Its Pulmonary Metastases from Primary Lung Tumors, Adenocarcinoma of the Uterus of the, 45.
Cows Fed Toxic Specimens of Trichloroethylene-Extracted Soybean Oil Meal, Failure to Demonstrate the Presence of a Toxic Factor in the Milk of. Studies on Trichloroethylene-Extracted Feeds. V, 444.
Cows, Report of Liver Glycogen Determinations by Biopsies on Dairy, 205.
Culture, Duration of Immunity in Pigs Vaccinated with Adsorbed Bacterin, and with Serum and. Laboratory Studies on Erysipelas. III, 135.
Cytopathic Changes in Tissue Cultures Derived from a Pig Infected with Hog Cholera, 165.

D

Death of Young Due to Listeria Monocytogenes, Abortion and Pre- or Postnatal. III. Studies in Ruminants, 510.
Deficiency and Urolithiasis in Range Cattle, Vitamin A, 415.
Deficiency to Internal Parasites of Sheep, An Observation on the Relationship of Cobalt, 246.
(DFP) as Influenced by Female Sex Hormones, Blood Injections, Vitamin B_{12}, and Iodinated Casein, The Recovery of Rats Administered Diisopropyl Phosphoro-Fluoridate, 781.
Diagnosis of Chronic Respiratory Disease by the Agglutination Test, Preparation of a New Pleuropneumonia-like Organism Antigen for the, 290.
Dicalcium Phosphate, Phenothiazine, and Combinations of These on the Resistance of Lambs to Haemonchus Contortus and Other Nematodes, Effects of Trace Minerals, 252.
Dictyocaulus Viviparus, the Lungworm of Cattle, The Course and Pathogenicity of Initial Infections with, 217.
Dietary Trace Minerals, Excess Calcium, and Various Roughages on Weight Gains of Hereford Heifers, Effects of, 207.
Diisopropyl Phosphoro-Fluoridate (DFP) as Influenced by Female Sex Hormones, Blood Injections, Vitamin B_{12}, and Iodinated Casein, The Recovery of Rats Administered, 781.
Diphtheroid Stomatitis of Chickens Apparently Due to a Spirillum, Spirillum Pulli, Species Nova, A, 742.
Dirofilaria Immitis in the Mosquito Aedes Aegypti, Notes on the Encapsulation of, 810.

Sugar, and Fructose in Cattle, The Utilization of Intravenously Administered Glucose, Invert, 213.
Sulfanilamide on Phosphorus Metabolism of Horses, The Effect of, 687.
Sulfamerazine in the Treatment of Experimental Infections with Eimeria Bovis in Calves, Sulfaquinoxaline and, 463.
Sulfaquinoxaline and Suggested Etiological Factors of the Disease, Micropathological Changes in an Experimental Hemorrhagic Syndrome in Chickens Fed, 766.
Sulfaquinoxaline and Sulfamerazine in the Treatment of Experimental Infections with Eimeria Bovis in Calves, 463.
Surra, The Nuclear Shift Index and Other Hematological Indexes in, 615.
Swine, A Survey of Tumors Occurring in Cattle, Sheep, and, 646.
Swine, Abscesses of the Pharyngeal Region of. Bacteriological Examination of Exudates, 640.
Swine Deficient in Manganese, Radiographic and Histopathological Findings in the Bones of, 121.
Swine, Experimental Leptospirosis in Pregnant, 471.
Swine, Immunizing Activity of Alum-Precipitated Protective Antigen of Bacillus Anthracis in Cattle, Sheep, and, 256.
Swine Influenza, Mumps, and Newcastle Disease Viruses, Serological Differentiation of the Equine Abortion Virus from the Human and, 262.
Swine Serum, Effect of Repeated Freezing and Thawing on the Electrophoretic Pattern of, 485.
Swine, Some Pathological Effects of Anterior Pituitary Growth Hormone Preparations on, 174.
Synovitis in Chickens, Studies of Infectious, 747.
Syrian Hamster, Rabies Street Virus in the, 793.

T

Test for Cats, The Development of Palatability, 733.
Thawing on the Electrophoretic Pattern of Swine Serum, Effect of Repeated Freezing and, 485.
Thyroid After Phenothiazine Administration, Studies on Depression of Radioiodine Uptake by the. I. Investigations of the Factors in Phenothiazine N. F. Responsible for the Thyroidal Effects, 149.
Thyroid After Phenothiazine Administration, Studies on the Depression of Radioiodine Uptake by the. II. Effect of Phenothiazine on the Horse Thyroid, 271.
Tissue Culture, Comparative Titrations of Vesicular Stomatitis Virus in Various Animal Species and in, 799.
Tissue Culture, Some Aspects of Infectious Canine Hepatitis Virus in, 380.
Tissue Cultures Derived from a Pig Infected with Hog Cholera, Cytopathic Changes in, 165.
Tissue Cultures, Growth Characteristics of the Virus in Large Scale. Cultivation of the Foot-and-Mouth Disease Virus in Explanted Epithelium of the Bovine Tongue. IX, 40.
Tissue Extracts from Hamsters Infected with Equine Abortion Virus, Agglutination of Horse Erythrocytes by, 267.
Tissue Through Reagents from the Fixative into the Paraffin Block, A Simple Device for Carrying Multiple Pieces of, 552.
Titration of Cultivated Foot-and-Mouth Disease Virus (Frenkel) in Cattle Compared with the Titer Obtained in the Quantitative Complement Fixation Test, The. Research on Foot-and-Mouth Disease. X, 455.
Titrations of Vesicular Stomatitis Virus in Various Animal Species and in Tissue Culture, Comparative, 799.
Tocopherol Levels in the Plasma and the Milk of Ewes and to Various Feeds, Muscular Dystrophy in Lambs as Related to the, 503.
Tocopherol Levels of the Early Milks of Semirange Cattle, 28.
Tongue, Cultivation of the Foot-and-Mouth Disease Virus in Explanted Epithelium of the Bovine. IX. Growth Characteristics of the Virus in Large Scale Tissue Cultures, 40.
Trace Minerals, Dicalcium Phosphate, Phenothiazine, and Combinations of These on the Resistance to Haemonchus Contortus and Other Nematodes, Effects of, 252.
Trace Minerals, Excess Calcium, and Various Roughages on Weight Gains of Hereford Heifers, Effects of Dietary, 207.
Transplation of the Canine Kidney, Some Observations on, 376.
Trichloroethylene-Extracted Feeds, Studies on. I. Experimental Production of Acute Aplastic Anemia in Young Heifers, 425.
Trichloroethylene-Extracted Feeds, Studies on. II. The Effect of Feeding Different Levels of Trichloroethylene-Extracted Soybean Oil Meal to Young Heifers—Experimental Production of Chronic Aplastic Anemia, 430.
Trichloroethylene-Extracted Feeds, Studies on. III. The Use of Young Calves for Study of Various Aspects of Toxicity of Trichloroethylene-Extracted Soybean Oil Meal, 437.
Trichloroethylene-Extracted Feeds, Studies on. IV. Susceptibility of the Horse to the Toxic Factor in Trichloroethylene-Extracted Soybean Oil Meal, 441.
Trichloroethylene-Extracted Feeds, Studies on. V. Failure to Demonstrate the Presence of a Toxic Factor in the Milk of Cows Fed Toxic Specimens of Trichloroethylene-Extracted Soybean Oil Meal, 444.
Trichloroethylene-Extracted Feeds, Studies on. VI. The Effects of Feeding Trichloroethylene-Extracted Soybean Oil Meal to Sheep, 446.
Trichloroethylene-Extracted Feeds, Studies on. VII. Observations with Laboratory Animals Fed Trichloroethylene-Extracted Soybean Oil Meal, 448.
Trichloroethylene-Extracted Soybean Oil Meal and Failure of this Dietary Meal to Suppress the Development of Experimental Lymphomatosis, Aplastic Anemia in Chickens Fed, 771.

Tube Agglutination Test for Leptospiresis, A Macroscopic, 789.
Tube-Agglutination Test, Serological Responses of Cattle to Vibrio Fetus Vaccine as Measured by the Complement-Fixation Test and, 626.
Tumors, Adenocarcinoma of the Uterus of the Cow—Differentiation of Its Pulmonary Metastases from Primary Lung, 45.
Tumors Occurring in Cattle, Sheep, and Swine, A Survey of, 646.
Turbinate Atrophy, Concept that Several Agents May Cause. Studies on Infectious Atrophic Rhinitis. V, 478.

U

United States, Anaplasma Ovis in the. Experimental Studies with Sheep and Goats, 487.
Urine, and Bile Levels of 17-Hydroxycorticosteroids in Sheep and Cattle Following the Administration of Hydrocortisone, Plasma, 517.
Urolithiasis in Range Cattle, Vitamin A Deficiency and, 415.
Uterus of the Cow—Differentiation of Its Pulmonary Metastases from Primary Lung Tumors, Adenocarcinoma of the, 45.

V

Vaccination and Revaccination for Bovine Brucellosis, Studies on, 36.
Vaccine as Measured by the Complement-Fixation Test and Tube-Agglutination Test, Serological Responses of Cattle to Vibrio Fetus, 626.
Vaccine, Further Studies on the Evaluation of Immunity in Chickens Vaccinated with Formalin-Inactivated Newcastle Disease Virus, 738.
Vaccine in the Drinking Water, Viability of Newcastle Disease Virus Administered as a. Newcastle Disease Immunization Studies. I, 5.
Vaccine Prepared from Nonencapsuled Variants of Bacillus Anthracis, Studies on an Anthrax, 153.
Vaccine, An Intracerebral Inoculation Test for Determining the Safety of Newcastle Disease, 16.
Vaccines, Study of Some Commercially Available Infectious Bronchitis. I. Response of Chickens to Seven Infectious Bronchitis Vaccines, 523.
Vaccines, The Transmission of Visceral Lymphomatosis with Live Virus Newcastle Disease, 283.
Vagal Nerve Supply to the Bovine Stomach, Physiological Studies of the. III. Procaine Effects on the Dorsal Vagal Trunk, 588.
Variants of Bacillus Anthracis, Studies on an Anthrax Vaccine Prepared from Nonencapsuled, 153.
Variants of the Three Serological Types of Pasteurella Multocida, A Comparison of Virulence for Mice and Chickens of Different Colonial, 137.
Venous Sinuses of the Dog, The Longitudinal Vertebral. I. Anatomy, 341, 349.
Vertebral Immobilization in the Dog, Methods of Spinal Fusion and, 695.
Vertebral Venous Sinuses of the Dog, The Longitudinal. I. Anatomy, 341, 349.
Vesicular Stomatitis Virus in Various Animal Species and in Tissue Culture, Comparative Titrations of, 799.
Vibrio Fetus and Other Vibrios, Physiological Characteristics Differentiating, 331.
Vibrio Fetus, Colonial and Antigenic Variations of, 803.
Vibrio Fetus, Gaseous Requirements for Growth of, 140.
Vibrio Fetus Vaccine as Measured by the Complement-Fixation Test and Tube-Agglutination Test, Serological Responses of Cattle to, 626.
Vibriosis of Sheep, The Role of the Ram in, 573.
Vinylite Corrosion Technique, The Static Intravascular Extracapillary Blood Volume of the Kidney of the Dog as Estimated by the, 276.
Virulence for Mice and Chickens of Different Colonial Variants of the Three Serological Types of Pasteurella Multocida, A Comparison of, 137.
Virus Administered as a Vaccine in the Drinking Water, Viability of Newcastle Disease. Newcastle Disease Immunization Studies. I, 5.
Virus, Agglutination of Horse Erythrocytes by Tissue Extracts from Hamsters Infected with Equine Abortion, 267.
Virus, Electrophoretic Analyses of Serum from Chickens Infected with Newcastle Disease, 531.
Virus, Encephalitis in Dogs Produced by Distemper, 103.
Virus (Frenkel) in Cattle Compared with the Titer Obtained in the Quantitative Complement Fixation Test, The Titration of Cultivated Foot-and-Mouth Disease. Research on Foot-and-Mouth Disease. X, 455.
Virus from the Human and Swine Influenza, Mumps, and Newcastle Disease Viruses, Serological Differentiation of the Equine Abortion, 262.
Virus in Explanted Epithelium of the Bovine Tongue, Cultivation of the Foot-and-Mouth Disease. IX. Growth Characteristics of the Virus in Large Scale Tissue Cultures, 40.
Virus in the Syrian Hamster, Rabies Street, 793.
Virus in Tissue Culture, Some Aspects of Infectious Canine Hepatitis, 380.
Virus in Various Animal Species and in Tissue Culture, Comparative Titrations of Vesicular Stomatitis, 799.
Virus Newcastle Disease Vaccines, The Transmission of Visceral Lymphomatosis with Live, 283.
